NEWS OF THE TOWN

Mayor Alfred S. Barnard, of Asheville, was in town Friday.

Miss Sadie Snathers is confined to her home with the grippe.

Hon. J. J. Britt of Asheville was in town last week.

Mrs. C. E. Wilson has been quite ill the past few days.

Advertising pays! A little local about a mare for rent in last week's paper brought 12 replies to date.

T. E. Osborne, of Horse Shoe, was in town Monday, and made this office a pleasant visit.

W. C. Pryor of Asheville was in town Saturday. He went to Big Hungry Creek to close a deal for 60,000 feet of fine lumber.

O. E. Blythe has moved to his farm in the country. His town property will be sub-divided and placed on the market.

Miss Ellen Maxwell, of Horse Shoe is visiting Mrs. Hesterly at her excellent "Summer Home" on Washington Avenue.

Mrs. T. R. Ramsey, who came here recently from Kentucky, is seriously ill at her home. Some doubts are entertained as to her recovery.

R. A. Moody is now traveling representative of the South-Eastern car service association, in South Carolina. Mr. Moody's family, however, will remain in this city.

Sheriff Freeman says he has some good men serving as his deputies. They are: J. P. Case, W. B. Justice and Otis Powers.

Jonathan Case was in town Monday. Mr. Case has been so busy selling goods that this is the first time in six weeks he's been in from Dana.

Frank Waters, colored, was brought over from Asheville by Deputy Otis Powers, last Friday. He will be tried at the coming term of court.

The corn culture club will meet next Monday, at the court house. This will be the last meeting of the club before corn planting, and a full attendance is desired.

W. A. Chenoweth, of Birmingham, Ala., has been spending a few days on his fine farm at Etowah, getting things started for a crop and also making preparations for his usual summer visit.

A. T. Cole is at his Hendersonville home for a short visit. Mr. Cole is well known as a breeder of fine horses. His stock farm, one of the finest in the West, is at Wheaton, Ill.

The Board of Trade meets Tuesday night, at 8 o'clock. Hon. A. Cannon will make an address. Reports will be read of interest to all our citizens. Everyone, the ladies especially, are urged to attend.

If you want to advertise your boarding house or hotel in the next issue of the Southern Railway's Summer Homes folder call at the local ticket office and get the proper blanks. This is an important matter. It costs nothing and is an ideal way to advertise. Mr. C. S. Fullbright wishes us to call attention to this matter.

G. M. Glazener considers his new line of "Kantbebe" clothing, one of the very best on the market today. This line of clothing is the product of one of the best known manufacturers in the country, who take a personal pride in their product, and whose guarantee stands back of every garment. Mr. Glazener has just received a very heavy shipment of these excellent goods.

Mt. Hebron drive is attracting much attention these days. Last week an outside capitalist was in town looking for a suitable piece of land out that way to develop. If he can get what he wants he will immediately begin the construction of at least ten handsome residences on the property. He wants to buy here, and it is very probable he will do so.

The city authorities now have the use of T. C. McNeely's railroad outfit, consisting of 18 mules and 8 scrapes, for about 6 weeks, during which time they expect to show good results in working the streets of the town. The city pays Mr. McNeely 25 cents a day for the use of the mules and nothing for the use of the scrapes. John Orr has the work in charge.

The officers of the law are determined that the sale of liquor in this town must stop. Squire Tinsley recently summoned a large number of citizens to appear before him in reference to the illegal sale of liquor, but no definite results were obtained, and the booze still seems to be flowing freely. The officials say they will act promptly and decidedly on any information furnished—but no one seems to know anything about it, or if they do, prefer to keep it to themselves.

Mr. and Mrs. I. H. Cantrell are on the sick list.

Jonathan Williams is confined to his home with an attack of the grippe.

John Grimes has returned from a visit to his family at Cincinnati, Ohio.

Lack of space compels us to omit some interesting contributions.

Miss Rachel Lane, of Hendersonville has entered the Normal and Collegiate Institute.—Asheville Citizen.

If you have any land for sale, see Mr. Claude Brown. His advertisement appears in this issue.

W. A. Keith, of the Hendersonville Wholesale Grocery Company, has returned from a week's visit to his parents near Wilmington, N. C.

The office of the new brick company will be in the Hustler Building, occupying a part of the business office of this paper.

W. H. Black, of Greenville, is helping the city operate the road scrapes which T. C. McNeely has rented the authorities. Mr. Black is an experienced man in this line.

O. E. Blythe has resigned from the town board of commissioners, K. G. Morris taking his place. The board is now composed of J. D. Davis, D. S. Pace, J. L. Orr, J. O. Williams, K. G. Morris and J. F. Brooks.

The need of a small modern hospital in this town is shown by the number of Hendersonville people who go to Biltmore Hospital. Hardly a week passes but that someone from Henderson county is registered at that fine institution.

Deputy Powers arrested a man named McMinn at Fruitland, last Sunday, for discharging fire arms and otherwise disturbing a religious gathering there. He was put under \$50 bond, which he forfeited, and the school fund is that much ahead now.

The many friends of John Flynn Seawell, of Atlanta, were pleased to see him in town again on Wednesday. Mr. Seawell came up from Atlanta on business and for a short visit to his father, Mr. J. B. Seawell, of the Purity Laundry.

Mrs. E. W. Gurley is a patient at Biltmore Hospital. Mrs. Gurley had a very serious surgical operation performed last Monday, by Dr. Merriwether, assisted by Dr. J. L. Egerton. Her condition is as satisfactory as could be hoped for, considering the extremely dangerous nature of her trouble.

Smith and Waldrop have secured options on the following lands at Green River, between 600 to 700 acres, for the new cotton mill to be located there: P. J. Hart's farm, T. E. Staton's farm, W. D. Vernon's farm, U. G. Staton's farm, and the land of the Swain heirs. Securing these options avoids all possibility of litigation resulting from developing the water power of Green River.

W. P. Bishop, better known as "Pink," of Cedar Mountain, was in town recently. Pink is one of the old inhabitants of this county, and is full of interesting stories and anecdotes. He is 81 years old, hale and hearty, and likes to hark back to the time when his father was offered a thousand acres of land through Henderson county and Hendersonville for a certain station. Mr. Bishop says he is older than this city, and hauled goods for Dr. Allen when he first started in business, way back yonder.

About Free Seeds.

The following letter from Hon. W. T. Crawford, Congressman-elect, explains itself:

"Editor Hustler: Please state that I have no seeds for distribution amongst the people this spring. As you know, Mr. Gudger's term does not expire until March 4th, and under the law he has control of all the seeds due the district this year. I will be glad to furnish all who may apply for seeds next year, or any thing else at my disposal. Very truly
W. T. CRAWFORD

Notice.

To the Justices of the Peace of Henderson County.

I hereby announce myself as a candidate for the office of Tax Collector for Henderson County. Believing that the counties business should be conducted as economically as a private business, I will if elected do all the work for three percent instead of five, and will return the difference, two percent, or about \$1000 per year, into the court house fund. In time this saving will pay for the court house and will relieve the tax payers of Henderson County of a heavy burden.

Respectfully
W. C. JORDAN

Letter to A. C. Peacock

Dear Sir: We asked City Drug Co., Crystal Springs, Miss. to sell Devos. They wanted to know, of their own knowledge, how it compared with another paint they knew all about—it was sold right there, and considered good.

They painted the house of W. B. McCluney two coats on purpose to test the two paints against one another: one coat Devos 6 gallons; the other coat that other paint 10 gallons. Difference \$20.75 for paint, \$13 for labor.

That other paint is made in New Orleans; is pure; is considered an excellent paint, and has a good deal of local goodwill. But the standard of paint has been low all through the southwest. That paint is thin; it is, you see, six-tenths of a paint. Devos saves \$20 over it on half a small job.

It is a case of local best compared with actual best.

Yours truly

AVOID ALUM

AN UNSEEN DANGER IN FOOD

TO GUARD SHIPS against the unseen dangers at sea, the United States Government maintains lighthouses.

To guard your home against the unseen dangers of food products, the Government has enacted a pure food law. The law compels the manufacturers of baking powder to print the ingredients on the label of each can.

The Government has made the label your protection—so that you can avoid alum—read it carefully, if it does not say pure cream of tartar hand it back and

Kantbebe

"LOOK for the LABEL"

Turn the inside pocket and look for "KANTBEBEAT," that's a clothing insurance policy. Its a mark of honesty and quality.

When you see "KANTBEBEAT" on a garment you know it is O. K.

Pockets braced inside, collars made right, shoulders built up properly and cloth shrunk before cutting.

The makers stand behind every garment branded "KANTBEBEAT."

We claim this clothing is "superior to so-called tailor made."
